

Main Story

Seasons

written and illustrated by
Ashley Wolff

Spring

It is spring.

Animals hop and run in the grass.

Trees are full of buds.
Nests are full of eggs.

It will rain in the spring.
Look who can jump and kick
in the mud!

The flower buds are wet.
They will get big in the sun.

Summer

It is summer.

Look who is here!

Three birds are in the nest.

Insects see lots of flowers.
They buzz and buzz in the
hot sun.

It is not too hot here.
Ducks quack and quack in
a pond.

Two fox pups get a sip.
Lots of animals are here at
the end of summer.

Fall

It is fall.

Lots and lots of red leaves fall.
Animals run and play.

A buck has to get fat for a cold winter.

Look who can pick up nuts!
They get set for the cold, too.

Winter

A squirrel with a bushy tail is perched on a thick, gnarled tree branch. It is holding a large, brown nut in its paws and eating it. The squirrel's fur is brown and grey. The background shows a winter scene with a snow-covered ground, small tufts of grass, and a few bare trees. The sky is a pale, overcast grey. The overall style is that of a children's book illustration.

It is winter.
It can get cold and wet.
Where do animals go?

Birds can go south.

Lots of animals will nap in winter.
A bear will nap in a den.

Look who has a winter nap, too!
It is not cold and wet in here.

The cold winter will pass.
Animals will look for spring.
